

Seres Therapeutics to Present at RBC Capital Markets 2021 Global Healthcare Conference

May 12, 2021

CAMBRIDGE, Mass.--(BUSINESS WIRE)--May 12, 2021-- [Seres Therapeutics, Inc.](#), (Nasdaq: MCRB), today announced that management will participate in a panel discussion at the RBC Capital Markets 2021 Global Healthcare Conference on Tuesday, May 18 at 4:15 p.m. ET.

A live audio webcast of the panel will be available under the "Investors and News" section of Seres' website. A replay of the presentation will become available approximately one hour after the event and will be archived for 21 days.

About Seres Therapeutics

Seres Therapeutics, Inc., (Nasdaq: MCRB) is a leading microbiome therapeutics company developing a novel class of multifunctional bacterial consortia that are designed to functionally interact with host cells and tissues to treat disease. Seres' SER-109 program achieved the first-ever positive pivotal clinical results for a targeted microbiome drug candidate and has obtained Breakthrough Therapy and Orphan Drug designations from the FDA. The SER-109 program is being advanced for the treatment of recurrent *C. difficile* infection and has potential to become a first-in-class FDA-approved microbiome therapeutic. Seres' SER-287 program has obtained Fast Track and Orphan Drug designations from the FDA and is being evaluated in a Phase 2b study in patients with active mild-to-moderate ulcerative colitis. Seres is evaluating SER-301 in a Phase 1b study in patients with ulcerative colitis, and plans to initiate a clinical program with SER-155 to prevent mortality due to gastrointestinal infections, bacteremia and graft versus host disease.
